PRICE \$2.00 PER YEAR

NATIONAL BANK FOR ARLINGTON HEIGHTS

Offers Family Group Insurance Plan At Very Low Cost

Entirely Different in All Respects; Only \$1 a Month Insures Whole Family for \$1,000.

A new kind of insurance policy is being offered to the readers of this paper, that is entirely different from anything that has probably ever been offered by any reputable insurance company in recent years. It gives insurance protection to every member of the family for death by any cause and without medical examination.

It almost seems unbelievable, but this insurance is being offered by the National Life Insurance Company, of Chicago, and is available to every reader of this paper. The premium is only \$1 a month where the age of older parent is 40 years or less and \$2 a month where the age is over 40 years. The total amount of the insurance is \$1,000. The amount of payment in case of death of any member of a family depends upon the number of people within the family. In case of husband and wife, only, the payment would be \$500.00 in case of the death of either one, but by continuing to pay the monthly premium of \$1.00, the survivor alone is insured for the face amount of the policy, \$1,000.00 making a total payment of \$1,500, for the two people for only \$1.00 per month.

In case of a family of four, the death benefit would be \$250 for the first death. By continuing to pay the regular \$1.00 per month, the second death would entitle the beneficiary to \$333.33. Again, by continuing the \$1.00 monthly payment, the third death claim would be \$500.00, and again continuing the \$1.00 monthly payment the final claim would be \$1,000, making a total payment of \$2,083.33 if this

\$1.00 per month policy is maintained. You see, by continuing the \$1.00 per month, the policy is always brought back to the full \$1,000 basis. There never was anything like it! Buy now as life is uncertain!

And further: If the parents are too old to qualify for this policy, but want protection on the children, all under one policy, then either of the parents can be made payor and have control of policy with \$1.00 of insurance. \$999.00 will be prorated on the children, and payable as above stated. In this way you will have all your children insured under one policy for \$999.00 at \$1.00 per month, can save yourself the inconvenience of payment 5 cents, 10 cents, or 15 cents per week on each of the children, and have more protection for your dollars.

Many families are not able to carry insurance for all members of the family. Here, at only a cost of \$1.00 a month, the entire family is protected under a group policy the sure all their employees. It is probably the simplest insurance ever offered by any company. Yet it is sound insurance, is based upon 3 1/2% American Experience Tables, has been approved by the Director of Insurance, State of Illinois, and the full Legal Reserve necessary to guarantee all payments is deposited with the Insurance Department of Illinois.

Representatives are prepared to visit any person interested and explain the plan in detail, without any obligation.

NEED NEW APPLICATIONS FOR RELIEF

Cash Relief Is Out; No Money for Rent; No Automobiles.

Families that are now on direct relief must make new applications to their supervisor. There will be no cash disbursed and relief orders will be only for food, clothing and fuel.

Auto license plates of families on relief must be turned in. Employed children must give part of their earnings for support of their families. Ex-service men with bonus checks can not get any relief as long as funds last.

These are some of the orders that have been handed down to the supervisors by the IERC, which has certified to the state auditor the amounts that are to be allotted to various townships for relief. This amount will come out of the \$2,000,000 made available by the legislature for relief in all counties in July. The allocations to townships follow:

Barrington	494
Elk Grove	123
Hanover	585
Maine	1,224
Niles	1,125
Northfield	822
Palatine	1,365
Schaumburg	74
Wheeling	1,543

Elk Grove township only needs about \$200 a month, but it was given \$123. The allotment of Schaumburg township was the lowest of any in the county.

Until a definite and authoritative answer regarding the legality of relief-time warrants or a township bond issue for relief purposes is received, Supervisor Chas. F. Grandt of Wheeling township will give no direct relief this month until a remittance is received from the state sales tax, the township's share of which will be \$1,322, only half of what has been previously needed by the IERC. "There is nothing else I can do," stated Mr. Grandt Wednesday morning.

Albert Wille, of Elk Grove township is not yet certain of what procedure he will take, but as the amount involved is less than \$200 the township can handle any emergency need. Otherwise Mr. Wille will follow the same procedure as other supervisors.

No definite call for town meetings have been issued by either Palatine, Wheeling, or Elk Grove townships. Attorney Cassidy, an authority on the legality of village and township financial matters, will recommend a safe course that can be followed by the townships in the sale of tax warrants or bonds.

State Places Load on Townships

Final efforts of Cook county to get relief from Governor Horner in excess of that provided by present laws, has failed and the burden of either caring for 40 per cent of its own poor or allowing them to go hungry has been thrust upon the townships.

Offer Free Medical Exams To Children Attending State Fair

The free medical examination of children up to ten years of age will be a leading educational feature of the Illinois State fair at Springfield this year, according to an announcement by the state department of public health. Awards totaling \$500 in cash will be distributed among fifty children between one and five years old who are found to be in the best physical condition. Children accepted for examination must be enrolled with the state department of public health at Springfield not later than August 1. Application forms are available on request.

Cook county children have taken their share of honors in the past at this annual event. Since the State fair better babies conference was inaugurated in 1915, a total of 8 children from Cook county have won awards aggregating \$91.00. These prizes included 3 grand awards.

Arlington Bootery Stages Vacation Time Footwear Sale

The Arlington Bootery this week announces a special selling of vacation time footwear at some very exceptional prices. This group includes many beautiful styles for women in Paris Fashion shoes. White and sport shoes for men and boys and girls also on sale, make this week at the Bootery a worthwhile event for the whole family.

Hats Off To You

Considering the dark days through which business and finance have passed, the management of the Mt. Prospect State Bank may do the honors at the 25th anniversary dinner tendered to their stockholders with another feeling, quite aside from a natural pride in 25 years of community service.

The trust reposed in them by their shareholders and by the community has been an onerous one, particularly during the days since 1929. It must be with a feeling of deep satisfaction that they play host, knowing that their record of stewardship—even in the face of great odds—is beyond reproach.

We congratulate the Mt. Prospect State Bank on its 25th anniversary and bespeak the thanks of the community to its officers and directors because of what they have achieved in growth, stability and community service. Their conservative management and sound business judgment have meant much to the village and adjacent country.

Bad Fire Damage on Piepenbrink Farm

When Edw. Fedrowich attempted to start the truck of Ed. Piepenbrink at the Mary Piepenbrink farm northeast of Mt. Prospect on Saturday morning, the truck burst into flames and ignited the double garage and chicken barn before the arrival of the Mt. Prospect fire department. The firemen put up a gallant fight and neighbors came to the rescue with milk cans for hauling of water.

The wind was strong and it was only with difficulty that the barns and house were saved. Insurance was carried in the Des Plaines Mutual Insurance company on all buildings.

Haystack Burns on Busse Farm

As a result of sparks from a chimney of a summer kitchen, a hay stack caught fire at the Herman Busse farm on Route 58, Elk Grove township, last Friday. The Mt. Prospect fire department answered the call and the blaze was confined to the stack.

Summertime Recreation Will Start Monday

Supervised recreation for the children of Arlington Heights will start Monday, July 6. All young folks interested in this program are urged to meet at the North side school at 9 o'clock for registration. Play planned for North and South side playground, but registration is at the North side school only.

The Arlington Heights recreation committee met Tuesday evening and definitely decided to engage a man and woman director for the rest of the summer, or until such time as the WPA recreational project may be put into operation.

If the government gives its approval to the project as originally set up, an extensive program with considerable equipment will be put into operation. Until then summertime recreation will be provided along the same lines as last year.

Tennis Courts Open July 4

The three tennis courts, which cost Uncle Sam over \$15,000 are completed and only await the arrival of the steel nets to be officially opened to the public. Mayor Flentje is in hopes that the nets will arrive before the Fourth. If nets are not in place July 4, players can use courts if they bring their own nets. "The tennis courts are so fine," says Mayor Flentje, "that I want them to be in use as soon as possible."

The electric lights for night playing are not yet connected. The three shuffle board courts on the eastern side of the park are complete and await the painting of the numbers.

There are 68 men now employed upon the project and a large part of them are working on the baseball diamond. The latter has been properly tiled and will soon be in shape for games. The erection of grandstand or seats is not definitely settled as yet.

Palatine Treasurer To Protect Auto Hides It Back of Own Home

Miss Margaret Godknecht, Palatine village treasurer, does not park her auto in front of her home, which happens to be at Wood and Plum Grove avenue, Palatine's most dangerous corner. Accident after accident has occurred there with such rapidity that no other course was left for Miss Godknecht. The stop signs were installed Tuesday and she can now sleep easier with no danger of being awakened some night by a car crashing into her home. That is about the only thing that has escaped so far.

ANNIVERSARY OF MT. PROSPECT STATE BANK

Management Plays Host To Stockholders

On Friday evening, July 10, the officers and directors of the Mt. Prospect State Bank will be hosts to its stockholders and their wives and husbands.

The occasion celebrates the 25th anniversary of the founding of the bank which first opened its doors for business on July 8, 1911.

Mr. John J. Anton, Vice President, First National Bank of Chicago, Mr. Frank Rathje, President Illinois Bankers' Association and Vice President of the Chicago City State Bank, and Mr. J. M. Appel, President of the Highland Park State Bank and former president of the Illinois Bankers' Association, are expected to be present and will address the stockholders.

It is also intended at that time to honor the following twelve original stockholders, namely: George Busse, Louis F. Busse, William Busse, William Busse, Jr., C. H. Gewecke, Henry Holste, John Meyn, Wm. H. Pohlman, A. B. Scharringhausen, Fred Schoenbeck, H. H. Rosen and William Wille (estate).

Even before Mt. Prospect was incorporated as a village, the need for a local bank was recognized as essential to the better functioning of local business and agricultural interests.

Early in 1911, Mr. Wm. Busse, together with some of his neighbors and several friends from outlying farms, applied for a national bank charter. The charter was promptly granted and the Mt. Prospect National Bank began business on July 8th of that year with a capital account of \$25,000 and a cash surplus of \$6,250.

Its growth has been a consistent one.

The first day's deposits were almost \$12,000 and, at the end of the first year, its total resources amounted to \$103,087.72.

After five years of operation (July 8, 1916), its resources were almost \$125,000. During the next five years they more than doubled and in 1926 they totaled \$405,589.42. In 1931, after almost two years of depression, the total resources were \$419,574.96 and, as the 25th anniversary is celebrated, this community can boast a bank with total resources well in excess of \$650,000.

In 1926, the bank relinquished its national charter and elected to operate under a State charter in the interest of broader service to a growing village and its increasingly prosperous agricultural surroundings.

Capital stock was increased to \$50,000 and the surplus to \$25,000, putting the bank on a favorable comparative basis with others of the larger so-called "country banks."

Eight years ago, having outgrown its original building, the bank moved across the street to its present spacious quarters. It is equipped with a modern vault and the latest of safety devices. The bank still owns its original site and a bank building is contemplated as soon as conditions warrant.

The management has undergone little change. When the bank began operation under state charter (1926) Mr. Wm. Busse became chairman of the board and was succeeded as president by Mr. Wm. Busse, Jr., who had served as vice-president since 1923. Both these men were among the 37 original incorporators. Fourteen of the 37 original stockholders still retain a financial interest in the institution.

At the organization of the bank, George Busse was elected a director, but due to the fact that a certain number of directors had to receive their mail from the local postoffice, Mr. George Busse resigned and was succeeded by Louis C. Busse. Later when the bank gave up the national charter to become a State bank Mr. Busse became a director and has served in that capacity ever since.

Two sons of first directors, Albert Wille and Fred W. Busse have succeeded their father as directors. The policy of the bank has always been a conservative one as is reflected in its splendid statement of condition.

Much credit is due its management for their sound policies and good business judgment and we hope the second quarter century will see as consistent a growth as the first.

The present directors are: Fred W. Busse, George Busse, William Busse, William Busse, Jr., G. A. Connor, George H. Geils, C. H. Gewecke, William Seegers, Albert Wille.

THESE STORES OPEN MORNING OF JULY 4th

As a courtesy to their customers these food stores and markets will be open a few hours in the morning, Saturday, July 4th:

Schmidt Bros. Market.
Quality Cash Market.
Krause's Cash Market.
Masny's Market.
Sadock's Store.
Royal Blue Store.
Giesecke's Store.

All business houses in Arlington Heights will remain open Friday evening.

Runs Into Side of Car; Skull Fracture

Geo. Gagik, in attempting to cross the Northwest highway, near the coal silos at 9:30 Sunday evening, ran into the rear fender of a car driven by Joseph Zimmer, 5758 Irving Park boulevard, Chicago. Gagik sustained a skull fracture, was taken to the Palatine community hospital and later to the Cook county hospital. His companions, Tom Zennaki, Joseph and Tom Chabrecht were arrested and charged with drunkenness. Joseph was found laying in a park way, dead to the world.

Autoist Strikes Girl Bike Rider
William Koehler, supervisor of Maine Township, struck the bicycle being ridden by Frances Cosman at Northwest Highway at Mount Prospect, last Wednesday, June 24, and then ran amuck through the parkway in front of the North Western Depot.

Mr. Koehler was driving west in Northwest Highway and Miss Cosman was crossing south. The Koehler car hit the front wheel of the bike, throwing the girl to the pavement but luckily she received only minor bruises. After striking the bike Koehler lost control of the car and swerved across the highway into the parkway where he uprooted a large tree and did considerable damage to his car.

Cars Collide Saturday Morning
On June 27, at about 8:30 a. m., the Studebaker sedan being driven east on Northwest Highway by Miss Erna Voight of Athens, Ohio, collided with a Buick sedan being driven west in the Highway by Harry J. Lumbe of Chicago. Miss Voight was accompanied by Miss Mabel Callison and Miss Dorothy Hitts, all of whom were given first aid treatment at the Mt. Prospect General Hospital. Mr. Lumbe was not injured and the damage to both cars was light.

Forty-one Scouts Are In Camp

41 happy campers, a majority of which are from the Northwest Suburban Council, registered for the first period of Camp Oh-Da-Ko-Ta which opened Sunday, June 28.

During the first afternoon they had their first swim and the instruction relative to the safety regulations at the water front. The prospects are for a very successful camping season at Camp Oh-Da-Ko-Ta this summer and the probabilities are that there will be seven weeks of camp instead of six as originally planned. Already, June 29, the second period starting July 5, has been filled and there are only eleven places remaining for the period starting July 12. Scouts who are planning to attend Camp Oh-Da-Ko-Ta should get their registrations in as soon as possible in order to be sure that they will be able to attend during the period they desire.

A considerable number of parents visited camp on the opening day and were very enthusiastic about the splendid set up of camp where everything is in readiness to give the campers the very best camping experience possible.

Scouts should register at Boy Scout Headquarters, 100 S. Prospect avenue, Park Ridge, as soon as possible, and any further information regarding camp may be secured by calling or writing the above address.

Scout Executive Donald E. Kyger will be present at camp on each opening day and also will spend a portion of each week there.

Pavers to Reach Kitty Korner's Next Week

The Chicago Heights Coal Co., which has the contract for the paving of Rand Road from State Road to the County line, is laying an average of 850 lineal feet of pavement a day, which in the vanguard of cement men, is "some pavement." The unloading facilities of the Arlington Heights Elevator & Coal Co. is being used by this company to good advantage.

U. S. Gives Approval To Organization of New Bank

Efforts of Arlington Heights Lions Club To Secure a Bank for Community Meets Success; Mass Meeting of Business Men Thursday Night.

After three years of waiting for a bank, Arlington Heights, a town of 5,000 inhabitants is practically assured of such an institution. The Comptroller of the Currency has issued a permit to a group of local men for the formation of the Arlington Heights National Bank.

That approval was not easy to secure. Investigation, after investigation was made by the government. The character and financial rating of the men interested was checked by representatives of the Federal Reserve Bank. Local business men were interviewed and a complete survey of the business interests of the town and the payrolls of the various manufacturing institutions were carefully considered.

The location of the bank and the probable directors and officers were carefully scrutinized by the government.

The visitors from the office of the comptroller of the currency found almost a universal demand and belief on the part of Arlington Heights business men that the community needed its own bank in order to protect and safeguard the community itself.

"Arlington Heights has fought through the depression with fortitude and its business men have ever displayed a spirit of optimism but the business interests have gone as far as they can without the aid and moral influence of a banking institution," was the impression that these visitors received when they interviewed local residents.

A group of local men aided by experienced bankers from neighboring communities have done the preliminary work towards the establishment of a bank in Arlington Heights. Uncle Sam has given his approval. Local business men and others interested will have the opportunity Thursday evening of aiding the movement.

Every business man who has watched the trade of former customers leave for towns with banks is vitally interested, but it is a movement that needs the cooperative spirit of the entire community. If Arlington Heights is to have a bank, it will be a bank for the community itself and not for any particular group of men.

That is the only kind of a bank that will help Arlington Heights, and that is the kind of a bank that its organizers intend to provide.

District Meeting of Republican Workers Tuesday Evening

A district meeting of Republican committeemen and workers will be held at the new district headquarters in Arlington Heights, adjoining the Herald office Tuesday evening, July 7. Edw. F. Moore, chairman of the Republican Cook county central committee and Wm. H. Reid, chairman of the Republican organization committee will be present and address the group of workers that are expected from all the six townships comprising the ninth district and Maine township as well.

Arlington High School Graduate Wins Covered Scholarship at U. of I.

Mr. Rollin Johnson recently took an examination competing with other high school students of the county for the scholarship, which the University of Illinois issues once to a county each year. On Saturday Rollin received a notification from the U. of I. stating that he ranked the highest in the Cook county test and that he was eligible to receive the scholarship. We are happy to know that this honor has come to our local boy and township schools. Rollin plans to use the scholarship, hoping to enter medical training.

Red Wings Invite Fans to Enjoy Outing At Silver Lake, July 4th

The Arlington Heights Red Wings invite all local baseball fans to enjoy an all day outing with them July 4th at Silver Lake, Wisconsin. Every one is expected to bring his own lunch. The trip will be made by auto and the caravan will form at the Red Wings ball park at 9 a. m.

The movement for a bank in Arlington Heights was started by the Arlington Heights Lions Club at a meeting of that body Jan. 7, 1936, when its secretary, Carl Ewert urged that some action be taken with that end in view. An investigating committee, of which Mr. Ewert was made chairman, was appointed and included Alfred Jasper, superintendent of the E. W. A. Rowles manufacturing plant; Henry Mueller of F. W. Mueller Sons; and Hugo J. Thal, attorney.

In its investigation, this committee consulted with members of the H. H. Franzen family of Itasca and Roselle, Illinois, who hold considerable interests in the Itasca State Bank and the Roselle State Bank. These banks are both over ninety per cent liquid and recognized as strongly entrenched financially.

Mr. H. H. Franzen, president of the Itasca State bank, personally looked over Arlington Heights, studied conditions here and informed the committee that in his opinion, Arlington Heights not alone needed a bank, but such an institution, if accorded the support of the committee would meet with financial success as well as be of great aid to the town itself.

The committee interviewed a considerable number of local business men and within a few weeks an application for a National Bank was signed by William Luseman, H. H. Franzen, Henry Hagenbrink, Harold Willis, Hugo J. Thal, Arthur Franzen and Marvin Rodewald.

Action by the Comptroller of the Currency has been patiently awaited by the organization committee. There were many obstacles to overcome and stringent requirements of the national banking authorities had to be met. The government asked for the names of the men who were willing to qualify as directors if the permit was granted. These men, each of whom agreed to purchase not less than ten shares of stock were secured.

The next step is the sale of stock and the raising of \$65,000 in cash. The government requires that the capital stock be \$50,000, surplus \$10,000 and undivided profits \$5,000. A public meeting, to which the general public is invited, will be held in the municipal building Thursday evening, when the Lions Club committee will make a definite report upon accomplishments to date and what will be required if a bank is actually started in Arlington Heights.

While outside money is available to help start this bank, every effort will be made to sell as much of the stock as possible to local residents, thereby assuring its control by local people.

PURCHASE OF PARK SITE IS ASSURED

Arlington Heights Park Dist. Sells \$23,000 Issue Also Refunds Present Bonds.

The Arlington Heights park district at a meeting Monday evening entered into a contract with a Chicago bond house for the sale of the \$23,000 bond issue authorized by the voters for the purchase of the site of Recreation Park. Included in the contract is a refunding plan that means the sale of much of the \$10,800 of general bonds that are still outstanding against the park district.

It is expected that the necessary ordinances will be passed by the park board at its regular July meeting and that within a short time, the title to the new park will rest in the hands of the park district.

Under the present plan of financing, the district is taking advantage of one of the late laws that was recently passed by the legislature for the purpose of strengthening the financial structure of taxing bodies. The park district will receive a premium of \$800 upon the \$23,000 bond issue.

LAWN SOCIAL

The Northwest Branch of Kindehmen will hold a lawn social July 8, in the evening on the Chas. Kiehm's Lawn.

I WOULDN'T RISK MY LIFE ON ANY OTHER TIRE

Equip your car with

Firestone

GUM-DIPPED TIRES for Greater Safety!

THERE is a reason why Louis Meyer won the 500-mile Indianapolis race this year—and why he is the only man ever to win this gruelling race three times. He always used Firestone Gum-Dipped Tires, and never experienced tire trouble of any kind.

Louis Meyer knows tire construction. He also knows that to drive for 500 consecutive miles over this hot brick track, negotiating the dangerous curves 800 times at the record-breaking average speed of 109 miles an hour, requires tires of super strength and greatest blowout protection, as a blowout on any one of the dangerous curves would likely mean instant death. By the Firestone patented Gum-Dipping process every cord in the tires on Louis Meyer's car was soaked and coated with liquid rubber, thereby preventing internal friction and heat. This is the secret of the extra strength and reserve safety built into Firestone Tires.

When you make your holiday trip this week-end, you of course will not drive 109 miles per hour, but at today's higher speeds you do need tires that will give you greatest blowout protection and will stop your car up to 25% quicker.

Take no chances! Let us equip your car today with Firestone Gum-Dipped Tires, the safest tires built. It costs so little to protect lives worth so much!

Wednesday evening services are held at 8:00 o'clock and include testimonials.
The Reading Room is located in the church building and is open to the public every Wednesday afternoon from 2 to 4 p. m.
The public is cordially invited to attend our church services and use our reading room.

Miss Hausam's Piano Pupils Give Recital

The piano pupils of Miss Celia Hausam gave a most delightful recital before a large and appreciative audience of parents and friends last Thursday afternoon in the South School assembly room.
The program was varied, consisting of six year old performers to high school students, each number given with a thorough knowledge and understanding, displaying the exactness and thoroughness so characteristic of this teacher's work.
Many were the words of commendation expressed for teacher and pupils by those privileged to be present.

Girl's Ball Team Has a Busy Week

The Arlington Heights Girl's ball team came home victorious last Thursday night, by a score of 12-10, over Palatine.
Wednesday night, July 1, the girls will play Niles Center at Niles Center.
Friday night, July 3, a game will be played with Addison at the North Side school grounds.

ICE CREAM SOCIAL

On Tuesday, July 7, the Young People's League of St. John's Evangelical church of Arlington Heights will hold an ice cream social, beginning at 7:00 p. m., on the church lawn located on the corner of North Evergreen and St. James street. Soft drinks and cakes will also be served.
The public is most cordially invited.

Electric Service Reaches Every Community in 6,000 Sq. Mile Area

Every community, even those with only 100 population, within the 6,000 square mile area in which the Public Service Company of Northern Illinois operates is receiving electric service, according to an analysis of a directory of electric service in Illinois recently issued from Springfield by the Illinois Commerce Commission. The report, prepared by the Rates and Research Section of the Commission in collaboration with the Engineering Section, covers all incorporated villages and towns and unincorporated communities in the State and the list of communities which have no electric service, including those as small as 100 population, contains no towns in the area served by the Public Service Company of Northern Illinois.
This record of complete saturation of the available communities within its area is the result, according to officials of the company, of the Public Service Company's long-standing policy of broad extension of electric lines into rural areas, thus bringing electricity to smaller communities on the same basis and at the same prices as it is available to the city-dweller.

Rally to Your Church

To a chance visitor of the Arlington Heights M. E. church at the morning service last Sunday, the song rendered by the mixed quartette seemed a little the best heard in a long time. The voices were so pleasingly blended, and the manner in which the words of the refrain "Give me thine heart" were sung, must have held a strong appeal to every heart in the audience.

The sermon of the morning was built upon the subject "What is he worth?" The sermon was well planned and well delivered, touching upon the customary measuring rods used by men to evaluate the worth of their fellows. However, measuring man's worth by human standards is one thing, to do so by divine standards brings to mind the familiar passage "What shall be profit a man if he gain the whole world, and lose his own soul?" Perhaps, after all, that is the only fair value to place upon a man. Somehow, the good sermon failed to make mention of this comparison of the real, intrinsic value of a man. The service was well enjoyed, and well worth a much larger audience than was in attendance.

Members of Arlington Heights M. E. church, rally to your Christian standard. Uphold the hands of him whom the Lord has placed in your midst to break the bread of life to you Sunday after Sunday. He needs your encouragement and support; you need his message. Place no lower value upon yourselves than is placed upon you by your Maker. To Him you are worth more than the whole world. If you ignore this measuring rod, you are worth but the price of a few chemical elements, and will one day awaken to realize that you placed far too low a value upon yourselves.

Vacation Clothes? Emerald Shop Has Them, Wherever You Go

Vacation clothes and sporty summer wear, that's the keynote of the "all points of the compass" event announced before the holidays by The Emerald Shop. Every woman in Arlington Heights will want to see these snappy new clothes before she decides on her vacation wardrobe.

Big Sale of Fishing Licenses This Year

A. L. McElhose, Arlington Heights village clerk does not know whether there are more fish this year than usual awaiting to be caught, but he does know that his office has sold more fishing licenses in the first six months of this year than he usually sells in 12 months. The total has passed the 225 mark and still going strong. All of the local boys do not fish in Illinois,

however, as he has sold 35 Wisconsin non-resident licenses. Still again there are a number of people from other states who are buying of Mr. McElhose non-resident Illinois fishing licenses, which the clerk is selling this year for the first time.

Fish Not in Fox River
Fred Lorenzen, village treasurer may not desire to discourage any Isaac Waltons or interfere in the sale of fishing licenses, but he was heard to offer to eat raw fish that Wm. Luehring, street superintendent could catch in Fox River.

APPRECIATION TO FIREMEN

We wish to thank the Mt. Prospect fire department for their quick service and everyone else that gave a helping hand at the fire on the farm, Saturday, June 27. Thank you again.
Mrs. Mary Piepenbrink

A Steady, Cooling Breeze Throughout Your Entire House WITH AN ATTIC COOLING SYSTEM

HERE'S HOW IT WORKS

The average night time temperature is several degrees below the daytime temperature. By dispelling stale, hot air that has been stored in the attic throughout the day, and by drawing in cool night air at the lower floors, a constant breeze cools its way through your house.

• Here's Nature's own way to keep cool. Air in motion! Cool breezes throughout your house! With an Attic Cooling System you scientifically provide your home with a wealth of cool, circulating air. Hot air is driven off. Cool night air replaces it. A constant motion is started and continues like a steady breeze to give you relief from heat.

Investigate this opportunity to cool your house this summer. Special terms are offered. Visit your nearest Public Service office for complete details.

SPECIAL PRICE

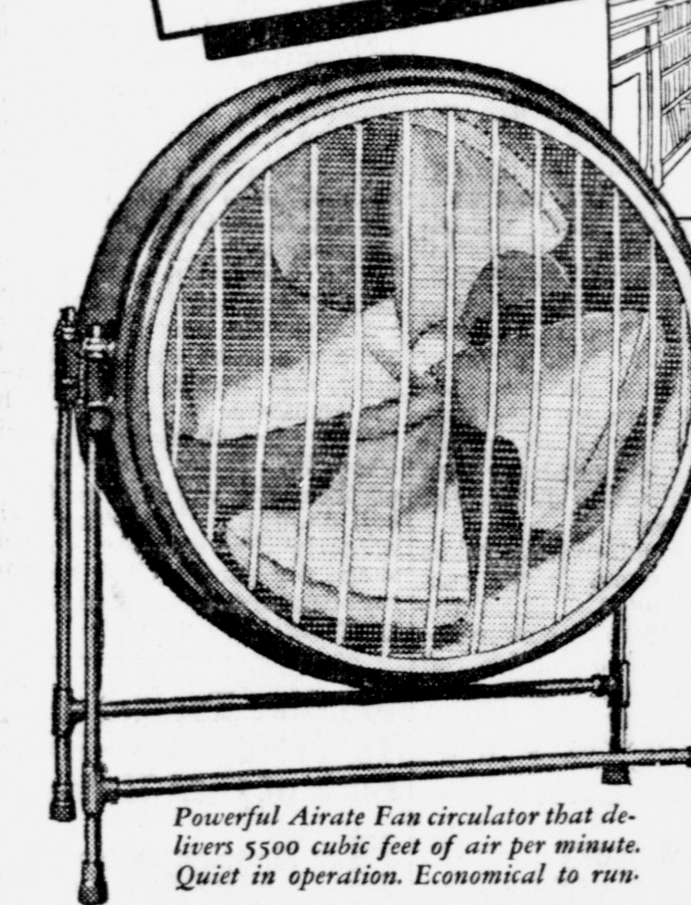

During July and August Delivered and Installed

\$109.50

NOTE: This price offered only where attic window is available. Does not include cutting opening in attic wall or floor, if needed.

only "hook" the best and he came home looking rested and fit to attack business problems. Anyone seeing their carload of valises and budgets, would mistake them for delegates returning home from the Democratic convention. If it wasn't all fish they had, a whale of a good time.

Friday last week Miss Edna Taege had a few friends in her home to help celebrate. It was her usual company and they enjoyed an unusually happy time and wish Miss Edna many happy returns of the date.

The races began Monday, don't give your brains away to the brain trusters. You'll need every mite of gray matter to guard you through the battle of the races. At least use "good horse sense."

Why don't our social workers and public spirited people get up a good old fashioned Fourth of July community picnic, wave the flag, have some one read the Declaration of Independence and prove the truth of real patriotic citizens and live up to our slogan "The City of Good Neighbors." Why not?

That reminds me, the old time Mother's club held a picnic in the grounds of the Helm home under the trees, Sunday afternoon. There were thirty-two including the husbands and children of some of the members. The tables, spread in real picnic fashion under the trees. Among the out-of-town guests were Mr. and Mrs. William Horstman and Dr. and Mrs. Lebau, from Chicago. A lively ball game. All enjoyed this picnic so much there is a hint that "the boys" are going to give a sequel to it out in the woods some day not far off.

Wednesday this week, July 1, Mr. Elmer Crane returns to his employment in the city after a two week's vacation. There is always a "come back" Elmer, but remember the good time you had.

Mr. and Mrs. W. M. Weber have rented their home for the racing season and are at present with Mrs. Weber's father. Later on they plan a trip to see George Weber down in Texas.

We are glad to learn that Miss Elizabeth Heller is at home from the hospital and is now hopefully recovering from her recent illness.

Mr. and Mrs. Harold Hastings stayed with Miss Doris Crane in the family home while her parents went to visit their daughter in Missouri.

Mrs. E. Ogren drove in to Chicago last Thursday, to see her little grandson, who is one year old. Of course grandma Ogren took him a number one birthday cake. This little grandson is the son of Mrs. Ogren's daughter, Mrs. Brazleton. They spent the last week-end with Mr. and Mrs. Ogren. Mr. Brazleton is a popular tenor, and sings in their church choir. He has appeared or been heard in the Sachs program.

The Presbyterian Aid are planning a bakery sale July 18.

After all the threat of rain Friday last, it turned out to be a splendid day for the Methodist picnic at the camp ground. There was a large attendance and all had a grand time. They certainly have reason to rejoice in such fine place to hold their picnic, with no oiling station or machine shops to mar their peace. To many old memories added to the spirit of their joy. The voices of such old warriors for the Gospel as Moody, McNeil, Senky and Billy Sunday, still seemed ringing in the ears of the old and young, the old camp ground is a safe and peaceful retreat.

The Presbyterian aid held a picnic at the home of the president, Mrs. C. P. Draper, at Hillside farm. The day was perfect and the company of about thirty, enjoyed all the hospitality and beauty of the out-of-doors. The luncheon was furnished by the board and was choice and satisfactory. A poem was read by Mrs. Lips in honor of Mrs. Clara Wiese, who has been a treasure in helpfulness and is planning to leave soon to join her husband. The picnic was a fine success.

Comes the cheering word, this morning that "The Gypsies" have rented a house on the north side. Wonder if it is the three "Spanish ladies from Oklahoma?" Hope they'll do their "Bless Bless" blessing business on our accommodated police force instead of us unprotected mortals.

The St. James women who never shrink from any good work, are planning to give a chicken dinner in the church hall July 12, dinner to be served 11 a. m. until 6 p. m. They are preparing to serve plenty to the biggest crowd ever and they will if it takes all the chickens in this community.

Mr. and Mrs. Ed. Niemeyer and Mr. and Mrs. William Niemeyer went to Minnesota last of the week to attend the silver wedding of a relative of Mrs. William Niemeyer. A most pleasurable excursion.

Glad to hear that Mr. and Mrs. Berchold are busy these times preparing to take the race track visitors into their rooms. It is a miracle that Mr. Berchold is as well as he is. As for Mrs. Berchold she is always at work sick or well. Courageous people they truly are.

Mr. and Mrs. Agreis expect a week-end visit from their daughter, Mr. and Mrs. Hull and their two children this week. Their home is in South Chicago.

Mr. and Mrs. Charles Fitzpatrick had a recent visit from his brother's widow, Mrs. Sophia Fitzpatrick, who recently sold her farm near Billings, Montana, and is now visiting relatives in the vicinity. She tells her friends things in the line of business are living up out there and she sold her farm for cash.

Word came to folks here from friends over Elgin way that they today (Monday) had a fine rain, but it was a cloudburst. We don't want anything so violent as that, but we would be thankful for a good rain here.

Mr. and Mrs. Harry E. Patrick and two daughters drove over from Glen Ellyn Monday. Mrs. Patrick and children called on her aunts and Mr. Patrick wanted to see the horses over at the Park.

Miss Geraldine Firnbach, with her uncle, Renader and family, had a pleasant outing at Fish Lake, Saturday, and had the good luck to catch twenty-three fish. (No wonder they plan to go there to spend the Fourth, is it?)

Mrs. E. W. Bauman, Mrs. Franke and Mrs. Prellberg and their children are spending "this week" at Delavan Lake.

Richard Wilke has the good fortune to be chosen assistant manager in the meat department of the National Tea Company at Antioch. He had a fine training here with his father, Wm. Wilke, in the meat department of the National Tea company in Arlington Heights. We are sure Richard's friends here are rejoicing in his good fortune.

Nickolas Clinge was taken suddenly ill and rushed to the hospital. He is the oldest son of Mr. and Mrs. Walter Swanson. Here's to the City of Good Neighbors, all hope in his return of good health.

Our friends from Lombard, who are on a dairy farm, only get three cents a quart since they belong to the "Independent" class. I'm sure their milk and eggs seem high class to me. Their alfalfa crop is good, second crop to come on later.

Mrs. Day's sister, Mrs. Anna Schafer and her brother, Mr. John Carson, from Iowa were in town last week and were week-end guests of Mrs. S. Fehlman.

We are told that the Parade of Nations given by the Fidae unit, recently was a wonderful success. A brilliant amazing spectacular affair. There were over two hundred spectators came in from other districts and it is regrettable that it was not properly reported.

Beware of firecrackers and explosives the Fourth. Get your flags flying, sing Yankee Doodle and hurrah for our glorious Fourth. Hurrah!

ARLINGTON HEIGHTS

What is the news? News of the it is that Cary pea producer is a Heights.

Search for its grimly days and nights; And find but little in the end. Good news and bad, we strive to blend, Conventions cease, horse racing comes.

Strangers now enter many homes For this week send a happy hail To our glorious Fourth on every gale;

Forget your worries, your debts pay, And joy in Independence day; Home talent give music, high class, Social events, still crowd and pass; What all the folks now shout about,

Read our home paper and find out. Have you noted the plea about blindness and the urge to prevent it by shutting out firecrackers and all explosives on the Fourth and for all time.

More than 90 per cent of the destructive fires in the city and our own town, were caused by such dangerous "toys" in the hands of children.

We are distressed about the grasshoppers destroying the crops out west, but read about the bees in Indiana. Where is Edwin C. Hill, or does it mean it is presidential bees in their hats?

An exchange newspaper tells us about a man at Cary who has gathered more than two bushels of early green peas and here we have been bragging about our neighbors, Mrs. Cleveland and Mrs. Melzer, having peas for their own tables. Best of

Mr. and Mrs. John Miller are going to spend their vacation with friends in their "Old Kentucky Home."

Miss Dorothy Noyes has resumed her studies in the university and expects to win her degree this year. She spends the week-ends with her parents, Mr. and Mrs. B. A. Noyes.

Dr. H. A. Kossack arrived last of the week, home from his short vacation in the north woods in time to occupy his pulpit St. John's Day in the Presbyterian church.

Mrs. S. E. Pate accompanied her daughter, her husband, Prof. and Mrs. McConagha, to their home in Appleton, Wisconsin, last week.

Miss Adele Adam, at the close of her school term at Kenosha, Wisconsin, went to a vacation camp for a vacation outing.

Mrs. H. C. Cleveland came home Tuesday last week from a vacation visit to her son, Prof. Wm. Cleveland and family in their new just completed home at Bloomington, Indiana. Her children had planned many delightful surprises for her. The only disappointment was that her husband was unable to join her visit on account of his having to go with a new streamline train on its trial trip to Denver, Colorado. Glad to see Mrs. Cleveland coming home refreshed and ready to help on any good work that comes her way.

The Rex. Volz family, are spending a vacation in the Volz cottage at Lake Geneva, where there is a fine bathing pool for a tired mother to keep the children out of the water.

We are sorry to hear that Mrs. Will Lauterburg was stricken suddenly seriously ill in her home and is still in a most critical condition. She is tenderly cared for by her sister, Mrs. Clara Schimming and kind neighbors, who are in constant attendance. Our sympathy goes out to our friend, William Lauterburg and his family.

Word comes from the west that Richard Helmkin has sold his beautiful estate and retired to an apartment at Long Beach, near the N. C. Volz home. The Arlington Heights picnicer will surely miss the Helmkins home, where they were so often royally entertained.

Picking up all possible of local interest we learn from a Chicago paper that our noted real estate dealer, Bert Laudermilk, has again blossomed out in a divorce court where his present wife, Mrs. Raley Laudermilk has been awarded a divorce and \$8,000 worth of furniture. So much for prosperity.

Who is going to start our community picnic? A fine idea for our Fourth of July.

Mr. and Mrs. Bruce Guild and their children came home through town to call on his mother, Sunday. Mrs. Guild and the children spent two weeks at Lake Geneva, while Bruce and a fellow fisherman went up to the northern lakes where the big fish hide. I'm sure Bruce would

rick, who recently sold her farm near Billings, Montana, and is now visiting relatives in the vicinity. She tells her friends things in the line of business are living up out there and she sold her farm for cash.

Word came to folks here from friends over Elgin way that they today (Monday) had a fine rain, but it was a cloudburst. We don't want anything so violent as that, but we would be thankful for a good rain here.

Mr. and Mrs. Harry E. Patrick and two daughters drove over from Glen Ellyn Monday. Mrs. Patrick and children called on her aunts and Mr. Patrick wanted to see the horses over at the Park.

Miss Geraldine Firnbach, with her uncle, Renader and family, had a pleasant outing at Fish Lake, Saturday, and had the good luck to catch twenty-three fish. (No wonder they plan to go there to spend the Fourth, is it?)

Mrs. E. W. Bauman, Mrs. Franke and Mrs. Prellberg and their children are spending "this week" at Delavan Lake.

Richard Wilke has the good fortune to be chosen assistant manager in the meat department of the National Tea Company at Antioch. He had a fine training here with his father, Wm. Wilke, in the meat department of the National Tea company in Arlington Heights. We are sure Richard's friends here are rejoicing in his good fortune.

Nickolas Clinge was taken suddenly ill and rushed to the hospital. He is the oldest son of Mr. and Mrs. Walter Swanson. Here's to the City of Good Neighbors, all hope in his return of good health.

Our friends from Lombard, who are on a dairy farm, only get three cents a quart since they belong to the "Independent" class. I'm sure their milk and eggs seem high class to me. Their alfalfa crop is good, second crop to come on later.

Arlington Boy Member "Boy State" At Springfield

Merle Guild Unit No. 208, American Legion Auxiliary, as part of their Americanism work sponsored one of our local high school boys, James A. Jensen, to Springfield.

James will be gone one week, and will have the opportunity to visit the tomb and home of the immortal Lincoln. He will see the state house where the laws of Illinois are made and adjudged. He will meet the governor and those others who make and carry out our laws. He will have a week of actual government experience and responsibility, mixed with sports and athletics designed only to emphasize sportsmanship and appreciation of the other fellow.

The object of "Boys State" is to teach citizenship by having young boys from over the entire state run the government of their own cities, townships, counties and their own state. Each boy has a chance to be a man and learn for himself how his government becomes just what he makes it. Amidst all this talk of the faults of the American form of government, he has a chance to learn for himself what his responsibilities will be when he becomes a man and how he himself is the one who makes it conform to his needs, that he himself is the government.

Jim will take part in simulated non-partisan "political" campaigns, party caucuses, elections, and then he will handle for himself the affairs of the city, county and state. Actually learn how to operate the government as a "machine" to make it provide him the most of life, liberty and happiness. Some of the problems he will meet up with, is the abolishing justice of the peace courts; civil service; consolidation of school districts; income and sales tax and government economy. Essential foundation of all laws and their relation to the constitution.

Merle Guild Unit is proud to send such a boy as James Jensen, they know that Jim is worthy of such a trip and feel that he will come home believing the value of such an experience.

Rose-Lo Leads In Soft Ball at End of First Round

The first round of the softball schedule was completed on Monday, June 22, as Hartmann's trampled Arlington Cafe by a score of 22 to 13. The winners retained second place in league standings, one game behind Rose Lo.

In holding the leadership of the league, Rose Lo is running true to pre-season dope. Luerssen's fine pitching, coupled with excellent defensive play by the whole club, balances a weak-hitting lineup. Art's own stick-work has been required to pull out two of the four victories. Hartmann's heavy hitters have made up for spot-pitching. Good catching, in most of the games has been sufficient to pull through spots made up by occasional defensive mistakes. The Rose Lo game was a closely fought battle, the same way. Addition of C. W. Baldwin to the pitching staff has strengthened the team.

Games held down third place with a well-balanced team, hitting somewhat less than the club's below them. Pitching and fielding are holding them up. They figure to upset either of the top teams if a "hot" night should develop. Klehm's winning only one game, have looked good all the way. G. Granzin's pitching has deserved more wins, but poor fielding or failure to hit in spots has cost two of the games lost. The "Ponies" gave Rose Lo the closest run of the first round. Cafe was weak and disorganized at the beginning. However, the team has been strengthened, as shown by Rose Lo's narrow margin of victory, 5 to 1, in the first game of the second round.

At present Rose Lo and Hartmann are dominating the league, but this can easily be changed. Any of the lower teams may break loose and upset the dope bucket. Fans have seen several good games and may expect more.

Results of second round games to June 30:

Rose Lo 5, Cafe 1.
Hartmann 7, Klehm 4.
Suefke Cafe
Rose Lo Klehm

SO. SIDE BREEZES

Mrs. Arthur Foster, sister of Albert Hines, drove through from Massachusetts with a friend and is visiting here for two weeks.

Tuesday afternoon Mrs. John Monroe entertained several friends at a dessert bridge party.

P. E. O. Chapter E. R., entertained at the Chicago Round table luncheon held at the Marshall Field Tea Room, Wednesday. Mrs. I. D. Allison, So. State Rd., talked on her work with the Emergency Relief.

Sunday night supper at Mr. and Mrs. John Monroe's was an occasion to welcome the bride of Mrs. Monroe's brother, Paul Fellingham. Besides the bride and groom, there were Mr. and Mrs. Warren Fellingham and Rev. and Mrs. W. C. Monroe and son, Roger.

Helen and Betty Davis stayed in Wilmette with their grandparents while their mother and father were away.

Little Barbara Atkinson had her first trip away from home without her parents, when she went home with Rev. and Mrs. Billman, Thursday. Mr. and Mrs. Atkinson went out to spend the week-end with them.

A. O. Williams of Rockford, Ill., visited his son, Paul Williams and family last week.

Earl Kopplin and Bill Milligan have gone up in Wisconsin for their vacation this year, no definite trip, but planning to be near lakes.

Impending Games

Thursday, July 2—Hartmann vs. Suefke.
Monday, July 6—Cafe vs. Klehm.
Tuesday, July 7—Rose Lo vs. Hartmann.
Thursday, July 9—Klehm vs. Suefke.

Madison, Wisconsin, is celebrating its 100th anniversary. Since that is the old home of Mrs. Olena Samuelson, she has gone to attend the celebration.

Peggy Bowlin waited until after Mrs. Comer Rue's recital in which she had a part before having her tonsils removed. She is making a rapid recovery.

Since the sorority convention which Mrs. C. I. Davis wished to attend was being held in northwest Iowa, she and her husband motored out and went through the Ozarks, spending some time there and also in Minnesota.

Mr. and Mrs. B. Brynaldson are spending the week in Northern Wisconsin and have planned trips for the rest of the month, while Mr. and Mrs. Corbett are enjoying the use of their home.

Mr. and Mrs. John C. Pfingsten and the latter's mother, Mrs. Bolte, have returned from a delightful trip through the east. They went through New York, and Vermont and visited Mr. Pfingsten's brother, who lives in West Port, Connecticut. A breakfast in the Ad-

ironack mountains. Above the clouds was a thrill long to be remembered. They traveled through the territory that had been flooded, spending one night in a house that had been completely covered with the flood waters.

Benefit Dance Glittered With Floor Show and Good Music

The benefit dance given in V. F. W. hall, Des Plaines, June 27, was a fine success financially and socially. The music furnished by Earl Frederichs orchestra was at its best. The floor show was glamorous in the glow of an amber spot light and included tap dancing by Rosella Austin of Park

OBSERVER'S NOTES

The party hordes gather today. Upon our nation needs they say; They argue, wrangle and discuss, And stir up a disgraceful fuss; They rail at other groups, and flout, And tear our eagles feathers out; We meet the Fourth to celebrate Our independence, spare the fate! Two great parties met in convention Have filled the air with mad dissen-sion; There are yet several parties more To meet as these two gone before, To choose, each one a candidate For president, here let me state The best shut off our independence stuff, When we're defeated sure enough; Hand back to Britain the whole clan, And let her rule them, if she can.

When Observer wrote those lines it was just the affect of a night-mare, or that Democratic mule that kicked over the traces when a negro Christian minister opened the con-vention with a devout earnest prayer. We are wide awake now and will swing our flags for our glorious Independence Day.

None of us Americans want to fight, what we need is to have some powerful nation give us a good big scare. We may as well admit the foes of our Nation are those who seek to destroy us from within. Who of us can ever lose the glorious thrill the Fourth of July brings to us? Why, just yesterday we noted the picture of King Edward the Eighth, and on another page we saw our Presidential candidate, Governor Alf. Landon of Kansas-ia, more "promising" of the two.

You may be sure Landon won't fall off any horse Great Britain can trot out. The nearer comes the Fourth of July, the more stars and stripes we all begin to feel. Good neighborliness is just what we need in Arlington Heights to put the real thrill of joy into our hearts and homes Independence Day.

To some of us old timers, the odor of a cherry pie just out of the oven, the young spring chicken broiled to the right shade of creamy brown, the green peas and new potatoes dished up for a jolly Fourth of July dinner, Caviare and pota-toes had no place on our menu. Do you recall the Fourth of July, 1882, when overcoats and warm wraps to follow in the procession?

Say, what they will for old time patriotism, for years this town the people were very indifferent in the celebration of our Nation's great holiday, except in permitting the children to set fires, main each other's hands or smack an eye with small crackers. There were no real celebrations from 1893 until the year in which we won the Daily News prize flag. O Boy, didn't our business men then give us a giant celebration — fireworks, prizes and everything, and how proudly that flag waves today.

Every day and all the time from now on our good people should be emphasizing the difference between liberty and license. This difference is too often overlooked by those who do not know what "Sweet Land of Liberty" means, and they mistake freedom to mean lawlessness, and a disrespect for the rights of others.

Look on our highways and wide-ened streets today, even the peace of homes to say nothing of safety is entirely destroyed by the rush, roar and gaseous smoke from autos driven at lawless speed by those too often under the influence of men's brains away. Lawlessness means license to them.

The glorious Fourth of July is here, yield to the thrill of it, yet do not forget to give warning of dan-gers in the way of those who think Liberty means license on the streets, on the highways and in our homes—allow no explosives in the hands of children—permit no reck-less driving—drivers drive care-fully.

Krause & Kehe
Money Exchange
Arlington Heights

Fling out your flags and make merry, Here deep the hatchet we'll bury; George Washington, he Once cut down a tree, With no plea that it was necessary; And when he was caught Owned up on the spot And his pa used that tree—O, well I've forgot just what for—it is the glorious Fourth and we are all brethren and we forgive the cat that ate the canary. There, I'll bet that was the word that I was searching for canary—note how nicely it would have rhymed. As I was saying, as Yankee Doodle said, "We are all brothers, if one of us has a pumpkin pie, he divides it with the others."

Avert conventions and political ballyhoo, of which we have been swallowing an overdose.

Let busy politicians shout, Throw mud and do their worst, There comes a force will throw them out, When the electron of truth will burst.

In your positions standing high, O great will be your fall, When you are blown up to the sky, By this mite infinitely small.

This atom of such mighty power, You neither see nor fear; Better take heed for any hour, You'll sail to there, from here.

Banks, bribes and bonds we eager clutch, Will soon dissolve in air, The wee bit atom knows not such, Nor for such trash has a care.

Yes, the small atom of truth is now so completely hidden in the un-truths of conventions and pre-elec-tion shouting, yet remember "Truth crushed to earth, will rise again, the eternal years of God are here."

No matter how loud the birds sing or what a time they have over "The order of the bath" I listen all undisturbed in my line of thought, but when it comes to the roar and bellowing of political parties in convention, I want the radio shut off as quickly as possible.

Friday our Methodist friends were to have or rather may be having their Sunday school picnic, are they going to bring us the long needed rain? Remember "way back when" we children were torn from center to circumference by the fear of ruin the day of the picnic. Chil-dren of today have so many gala days—a picnic is but a small af-fair. They have a picnic every day.

While so many of us are nursing grouches, and looking too often on the dark side of our time, let us remember there have been many bright, cheerful events as the weeks record them—anniversaries, lunch-oons, concerts, parties and plays, bring happiness to many and those who celebrate long years of mar-ried life, may help establish truer standards for the marriage bond and help to check the divorce mills. So let us pray.

You may boast of all the knowledge You acquire in school or college, Very sure the key to learning, keposes in your hand.

But you are from school returning, Ignorant unless discerning, That they only gain by knowledge.

Who can rightly understand.

You vaunt your high position, And your charitable mission; Boast how your heart is aching, To assist your brother man.

You best prove this good intention, When omitting public mention; Everywhere you're undertaking, Just to do the best you can.

You may spend your life in preaching, Or in studiously teaching; Or in spreading over paper A million tons of ink.

But the one to lift the people, Far above the schools or steeple, Is that one who lights a taper That shall make the masses think.

After the conventions comes our Nation's great day, the Fourth of July. We hope we will never grow so old as to lose the thrill and joy of it. May this Fourth of 1936 be joyously and harmlessly celebrated in Arlington. May the spirit of the patriotism of the fathers and moth-ers of the time of their stress and struggle inspire us today to zeal-ously uphold and maintain the lib-erty and truth on which they lived and died to establish. May the courage of the pioneers help us to build our nation and protect all they won for us. Hail and hurrah for Independence Day. Down with dictators and destroyers. Let us make this great day sane, sanitary and in all ways safe. Hail to In-dependence Day!

We grow so tired of things profound, Of problems no one seems to solve; Of strange formations underground Or that in realms above revolve.

We're weary hearing men surmise, Of ages and eons to decide; There's none so learned, none so wise, Can set creation's laws aside.

Of things below they well may learn, The knowledge of life's complex way; Things given to know, slow to discern, As children reckless in their play.

We may not read the infinite, The vast immensities of space; We know the stars shine down at night, Each from its God appointed place.

We see the glory of the sun, Bringing us light and beauty here; The miracle of ways they run, The stars, the planets in their sphere.

The wise conjecture and surmise, Wonderful knowledge bring quite clear, How constellations o'er the skies, Move in their time and place each year.

Yet, all we gather is so small, Compared to things we long to know;

Miss Sarah Mrs Becomes Bride of Edward Lamb At Pretty Ceremony

Miss Sarah Mrs, daughter of Mr. and Mrs. Otto Mrs, Fremont street, Arlington Heights, became the bride of Mr. Edward Lamb, son of Mr. and Mrs. John Malyon, State and Rand, Arlington Heights, at a ceremony held at St. John's Evan-gelical church last Saturday at 4 p. m. The Rev. Kalwitz read the ceremony.

The bride attired in beautiful white satin was given away by her father. She wore her mother's wed-ding veil and carried a bouquet of white roses. The bridegroom's niece, little Miss Dorothy Lee Kasten of Feenville, Mich., as flower girl dressed in pink silk, plucked bits of flowers at the end of the exception-ally beautiful train.

The maid of honor, Miss Gladys Mrs, wore a blue knit gown. The bridesmaids were Mrs. Gilbert Mrs, who wore a green gown, and Miss Elvina Schaeffer, whose gown was orchid. The maid of honor and the bridesmaids carried colonial bou-quets.

Russell Stoltz was best man. The ushers were Otto Mrs and Donald Johnson.

A HAPPY VACATION

Mr. Elmer Crane was given a two week's vacation from his em-ployment in the city and for the first installment Mr. and Mrs. Crane went to Lawrence, Mich., and took in the interesting features of that place from that vantage, Kala-mazoo, where they spent a day. An-other day they spent at So. Haven, where they visited our dear busy friend, Mrs. Huldah Lorenzen, Beth and her family. In addition to the care of her large family, we are

Vast fields for research still appall, Let's concentrate on things below.

I wonder where the crickets hide, Where the birds go when it grows cold, If in warm places, far and wide, They all grow gray when they are old.

I wonder what great statesmen do, Who were defeated in the race; Will it be theirs to guide us

through These troublous times in their small place?

Honor and glory are for kings, Good men defeated carry on; Our time the need for doers brings, Greater than any office won.

There! I am getting off the track, Into things intricate and deep; Come little creatures, lead me back And show me where the crickets sleep.

glad to hear Huldah has not given up her love of music and now has a class of eight pupils for piano lessons.

At South Haven, Mr. and Mrs. Crane had a whale of a time fishing and landed 28 perch. Isn't that worth writing home about? Mr. Beth and his son have employment and Mrs. Beth was very busy get-ting ready. Mr. Beth's oldest daugh-ter and her family from the east and had no time to go fishing with Mr. and Mrs. Crane, but in no way failed in her kindly hospitality.

From Michigan, Mr. and Mrs. Crane came home and persuaded his father and mother, Mr. and Mrs. L. L. Crane to go with them to Carleton, Missouri, to visit their daughter and family, Mr. and Mrs. Wilbur Goodrich and family. They enjoyed a happy reunion and new scenes all about them.

The wheat in that region was in the shock. There was an abundant harvest of barley. Our travelers re-port seeing a few grasshoppers. They found it quite hot, so far south. Saturday morning, Mr. and Mrs. Crane turned their faces home-ward and the two weeks vacation so happily spent, came to an end with but two days to relax and get ready to help the wheels go round on North Western again. After all, old Illinois and home is a good place to come to, isn't it Elmer?

Dorothea Edecker, 71 of Bloomingdale, Dies

Mrs. Dorothea Edecker of Bloom-ingdale, Ill., was born January 9, 1865, in Schaumburg, where she made her home until her marriage to Mr. William Edecker in June, 1923, after which event they have lived in Bloomingdale.

Mr. and Mrs. Edecker were united in marriage in the Bloomingdale Evangelical church by Rev. Ed. Plassman. Mrs. Edecker has had sick attacks at various times, but on June 19, 1936, she took seriously ill and on Friday evening she was taken to the Belmont hospital, Chi-cago, where on Monday morning, June 29, 1936, she passed away at the age of 71 years, 5 months and 20 days.

She leaves to mourn her departe-ure, her loving husband, Mr. Wil-liam Edecker, three daughters and one son, Mrs. H. W. Schmoldt of Roselle; Mrs. Marie Hoenish of Forest Park; Mrs. Alvin Colberg of Forest Park; Mr. Albert Malwitz of Forest Park; one daughter-in-law; one son-in-law; 10 grandchildren; 6 step children.

Funeral services were held Wed-nesday afternoon, July 1, 1936, at the Bloomingdale Evangelical church; interment in St. Paul's cemetery, Bloomingdale; funeral arrangements by Dzur & Karstens.

Back In 1904

From the Files of the Cook County Herald, Issue of July 1, 1904

Arlington Heights
The death of Fred Smith added another name to the ever lengthening list of railroad slaughter. Mr. Smith who was an old man of about 80 years was driving south on Vail street, not hearing the train coming, nor noticing that the gates had already started to come down, he drove onto the track. The gateman saw the danger and opened up the gate behind so that he could back out, but before he had time to do so the train struck him.

Mrs. E. D. Bugbee left Friday morning to spend a few days visiting her son, J. E. Davis and family, at Edison Park.

Frank Cooley writes from Leland, Iowa, renewing his subscription to the Cook County Herald. He says crops are looking fine and that they are having lovely weather out there.

Mayor and Mrs. Chas. Sigwalt spent Sunday in the city.

Celebrate at Meyer's Park with the Athletic club. The Barrington Ladies Band play.
Mrs. William Wakum left Thursday morning to join her husband at his new charge in Iowa.

Wheeling
Miss Mary Hogan, who has been attending school at Prairie Du Chien is home for her vacation.

Elk Grove
Art Scharringhausen has a new top buggy.

Bensenville
Theodore Wolf is back again. He intends to stay here now.

Rob, the crack rifle shot, bid his friends goodbye last Sunday, before going to Kansas.

Alex. Schroeder has returned from a trip to the world's fair.

Fred Messman had a runaway last Sunday, broke his wagon pole, and the horse got a bad cut on the forehead.

Itasca
R. Wutenberger has a fine herd of dairy cows and will be a top notch milk shipper before long.

Mrs. John Fenz was agreeably surprised on her birthday Sunday. Ernest Schoenfeld and mother, and Mrs. Dr. Bartels attended the Greibel and Miller wedding in Des Plaines, Wednesday.

John Hazelton spent Sunday at the parental home of W. N. Hazelton, returning to Chicago Sunday night.

Roselle
The German picnic was held Sunday. The Roselle Cornet band furnished music for the occasion.

George and Fred don't seem to make much use of their new buggy, but Louis says he has to grease his every other night. No wonder, it's quite a pull up that big hill.

There will be a grand celebration at Roselle Park, July 4th.

W. Markel was a Sunday morning caller.

Schaumburg
Fred Salge and Otto Meier attended a barn floor party at Winkelman's, Elk Grove.

Rodenburg German school will hold their annual picnic next Sunday.

Schaumburg, as usual, will have a grand July 4th celebration in Schween's Grove.

Meachem
The usual Fourth of July celebration will be held in the usual place. Roy and Ed. will take charge of the ice cream.

The many friends of Miss Frankie Orlandie were grieved to hear of her severe illness, and are glad to hear of her recovery.

Not in Line for Presidency
The secretary of commerce is a member of the President's cabinet, but he is not in line of succession to the Presidency.

Home building MONEY!

NOW AVAILABLE

The New Weyerhaeuser Finance Plan

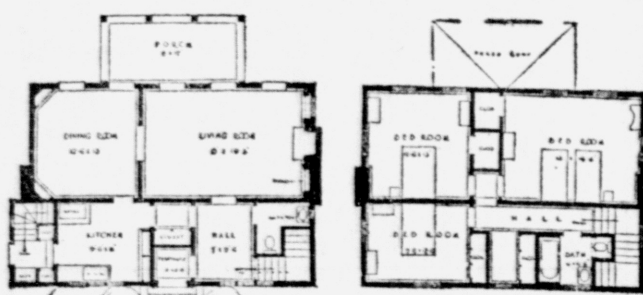

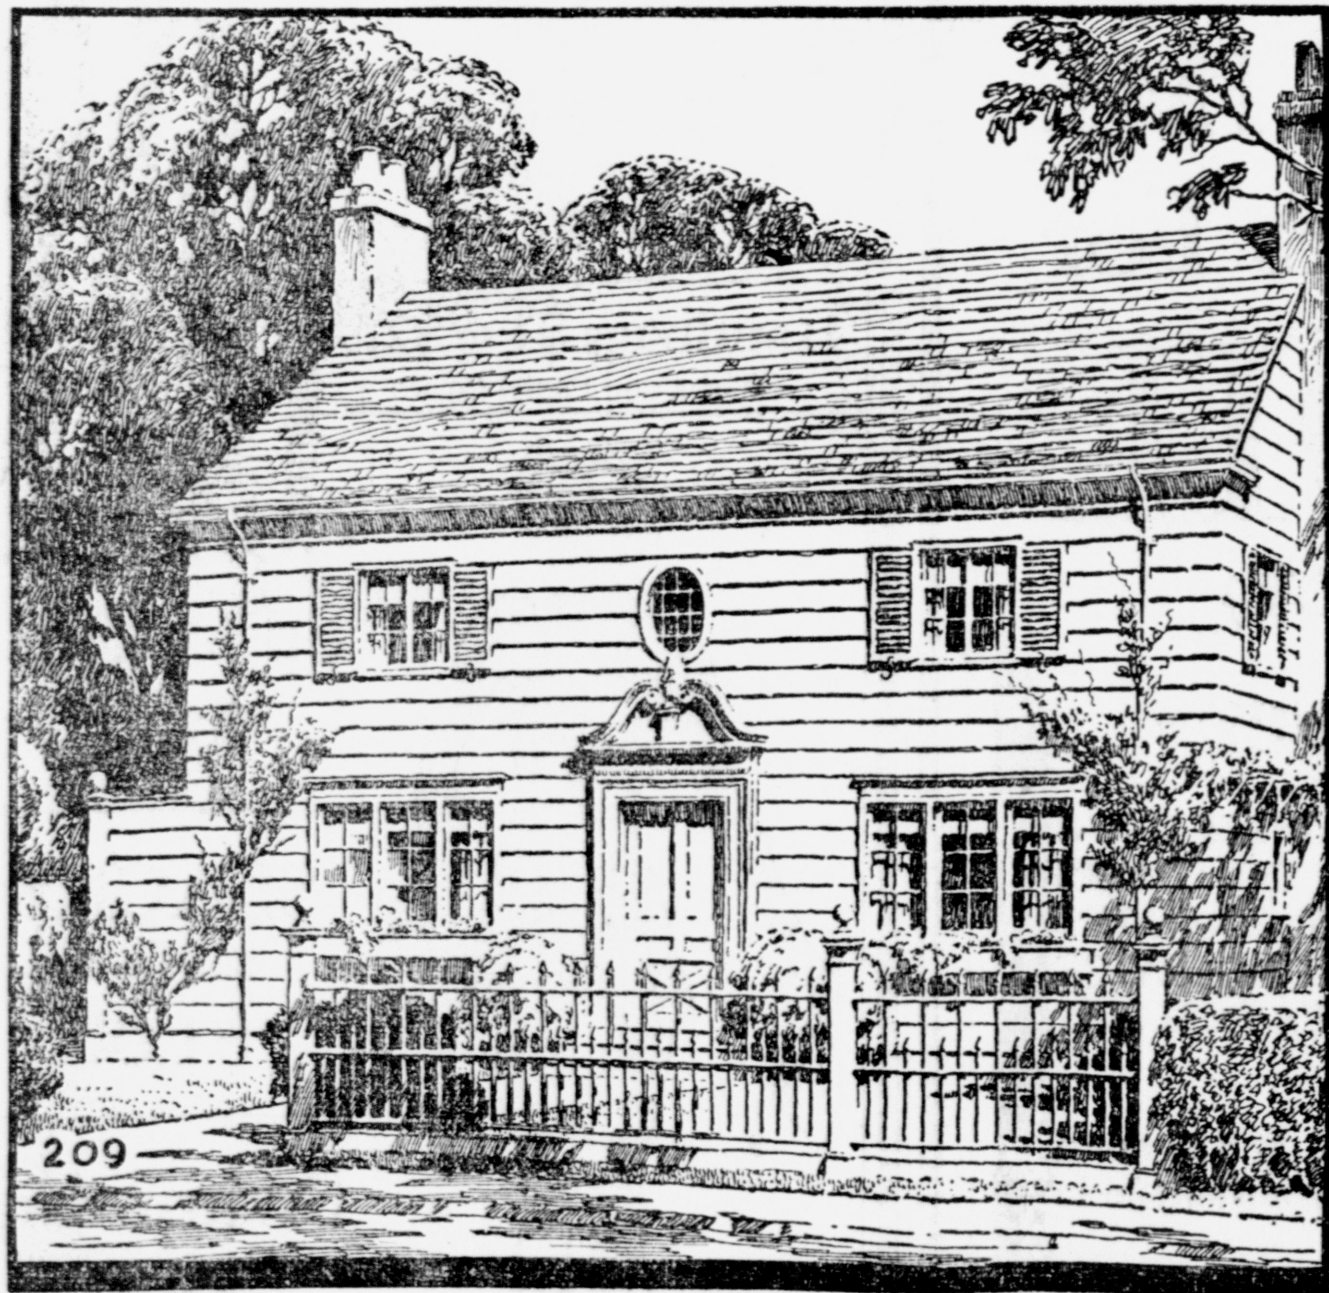

Building money is now easy to get —and easy to pay back! With the new Weyerhaeuser financing plan, you are now able to purchase a home and pay for it like rent.

Under this economical financing plan, monthly payments pay off the principal and take care of interest, taxes and insurance. Once each month you make these convenient payments. That's all there is to it after the small initial payment is made. There are no cumbersome bills — no periodic lump sums to worry you. Safe, simple and sound financing.

We will arrange all details for you. You choose your ideal home. It's built for you by reliable contractors — and built supremely well. And it's financed for you in a way that will make your new home a joy forever. Come in and talk it over.

THE SIMPLE MONTHLY PAYMENT PLAN

Terms as long as 19½ years — with simple monthly payments. Loans up to \$16,000. Nominal down payment. A single, insured mortgage which never requires refinancing.

Repair money also available for owners of old homes. The terms are liberal.

W. R. COMFORT SONS, Phone 35 Palatine

Balaban & Katz Loop Theater News

Take the family to a Balaban & Katz loop theater.

Chicago Theater
"The White Angel" starring Kay Francis, Ian Hunter. On the stage brilliant stage revue featuring Larry Adler, Hudson Wonders, Gaudsmith Brothers, Diane and Duval, Evans Ballet Girls, and also Budminton World's new sport craze.

Oriental Theater
The revue that tops them all "Folies d'Amour" ten continental acts, sixteen parisian beauties, forty artists, huge spectacles, and many other acts. Screen—Florida Special! featuring Jack Oakie, Sally Eilers, Kent Taylor, Little Jackie Heller.

United Artists Theater
Clark Gable, Jeanette MacDonald, Spencer Tracy in "San Francisco."

Apollo Theater
Herbert Marshall, Gertrude Michael in "Forgotten Faces." Extra added attraction Louis Schmeling fight pictures.

Roosevelt Theater
Charles Ruggles, Mary Boland in "Early to Bed." Extra — Louis Schmeling fight pictures.

Garfield Theater
Metro's thunderbolt "Fury" starring Spencer Tracy, Sylvia Sydney.

COMPLICATIONS

of the most far-reaching kind can follow in the wake of property loss not covered by insurance. Perhaps you think you are fully protected. Better look into it. Check over your insurance, and save yourself a big shock of surprise were you to discover after something happens that you weren't protected, after all, against that particular hazard. Let us explain it to you now rather than afterward.

National Youth Adm. Projects in Cook County Give Work to 1132

A total of 1132 youths were at work as of June 24 on National Youth Administration projects in the second Illinois district, which includes Cook county, according to a report just made public by William J. Campbell, state NYA director.

The 1132 are helping in community centers, municipal and county offices, are beautifying public property, conducting handicraft and other classes, and are assisting in 4-H programs, the report discloses. Each receives an average wage of \$20 a month.

One thousand sixty-one are from relief families, fifty-four are non-relief, and seven are full time workers. The second district comprises seven counties.

Throughout the state 8,263 youths are employed on more than 100 projects, for which \$670,157 was allocated for the fiscal year ending next Tuesday.

Better Farming

While the metallic poisons such as arsenate of lead, paris green, calcium arsenate, or the fluosilicates, can be safely used on cabbage during the early stages of growth, their use is to be discouraged because of the danger to humans of the poisonous residues, according to a new circular, Number 454, "Disease and Insect Pests of Cabbage and Related Plants," which has just been published by the College of Agriculture, University of Illinois. Suitable substitutes are recommended in the circular, copies of which may be obtained by writing the agricultural college.

A good place for a large bedroom mirror is on the inside of the closet door where it is protected when not in use.

After handling fish, wash the hands with hot water and salt, but without soap until after rinsing off the salt.

The dwelling house basement or cellar, if available, will probably be one of the best places on the farm to store eggs to protect them against heat, says H. H. Alp, extension poultryman, College of Agriculture, University of Illinois. Eggs can stand considerable moisture, and it may help at times to sprinkle the walls and floor with water.

The greatest damage to egg quality by heat occurs during the first 24 to 48 hours after the egg is laid.

Arlington Ballroom Team Has New Pitcher

Art Luerssen, star hurler for Rose-Lor Inn in the Arlington Heights Softball League, has joined the Arlington Ballroom team.

His addition to the team, will strengthen the ball club immensely. Arlington Ballroom defeated Mel Borchardt's orchestra last Sunday afternoon in a very close game.

Thursday night the Arlington Ballroom team will play Mt. Prospect Indians.

Rain Greet Opening Of Park; Big Handicap Race Saturday

Any time that this neck of the woods needs a rain all that has to be done to bring down the rain drops is for Arlington Park to open a race meeting.

Arlington opened its meeting on Monday afternoon and for the 8th successive year it rained on an Arlington opening.

But a light rain at the track and a heavy downpour in the city failed to dampen the color or the enthusiasm of the Arlington opening. The largest opening day crowd in years turned out for the first day's sport and backed their choices lustily with the coin of the realm nearly \$190,000 passing through the mutual machines on opening day.

The eye in the sky, the new camera picture of the finish got a fine tryout right off the bat in the first race when Tootsiecake and Busy Mae came down to the finish line as close as even terms.

That finish called for a photo and in two minutes after the horses had passed the line down the wire from the camera booth high on top of the stand to the judges stand came the developed photo showing that Tootsiecake had won by an inch or two.

When the numbers went up there wasn't a squawk from the crowd. Everyone seemed entirely satisfied with the decision of the photo.

The photo was employed several times during the afternoon to determine the second and third horses.

Photos of the finishes are posted in both grand stand and enclosure just as soon as the judges are thru with them so the public may see for itself just how the finish looked to the machine which is many times faster than the human eye.

The racing on opening day was exciting and formful.

Mrs. John D. Hertz' Count Arthur won the secondary feature in a driving finish and A. Pelletier's Whereaway took the inaugural handicap in handy fashion after coming from far back.

The rain which dampened the track did not affect the speed of the horses. Count Arthur took his mile heat in 1:38 and a short time later E. K. Bryson's Cacola went the same distance to win the sixth race in 1:57.

From all indications an opening day at the Arlington meeting is assured of an immense success. With the size of the crowds and the mutual handle nothing can stop Arlington from having one of its greatest years.

The star attraction for Saturday July 4th, is the historic Stars and Stripes handicap with 42 of the fastest horses in America nominated for the event. Discovery, A. G. Vanderbilt's champion and easy winner of the event last year will start. Discovery will carry the terrific weight of 138 pounds and will have to be super champion to carry that load against the lighter weighted speedsters which will accept the issue against him.

With good weather the Arlington management looks for the greatest crowd which ever witnessed a horse race in the Chicago area to be on hand on July 4th and with good weather that record breaking crowd will be there with the mutual handle of over half a million dollars.

Nations Seek Monopolies
The enterprising and commercial nations of the world know there is far more money to be made securing and establishing for themselves a monopoly in the undeveloped regions of the earth than in peaceful and competitive commerce with each other.

AT THE CATLOW

"Under Two Flags," with its great cast, the mystery of the inscrutable Sahara and the romance of Ouida's great novel, is a production that no film fan will fail to see. Ronald Colman, Claudette Colbert and Victor McLaglen are cast in the leading roles; it finishes its three-day run at the Catlow theatre, Barrington, Friday night.

For Saturday, the 4th of July, the Catlow is presenting Jimmie Allen—THE Jimmie Allen of radio fame—in "The Sky Parade," a thrilling yarn of modern flying.

Sunday and Monday will see the smartest picture since the days of "The Thin Man," with William Powell as the screen's number one society sleuth. It's all about a crime, riddle-dark and mystery, with flashes of brilliant wit and the wiles of an ex-wife determined to retrieve her lost husband. Jean Arthur, James Gleason, Eric Blore, Lila Lee and Ralph Morgan head the supporting cast of this picture, which bears the title, "The Ex-Mrs. Bradford."

"Desert Gold" a new Zane Grey Western tale, will be the bargain ticket offering next Tuesday. Larry "Buster" Crabbe, Tom Keene and Raymond Hatto are starred.

Franchot Tone and Loretta Young take the important roles in "The Unguarded Hour," coming to the Catlow next Wednesday and Thursday. Lewis Stone and Roland Young have featured parts in this story of a brilliant attorney caught in the net of circumstantial evidence—the same type of evidence that he had so often used to convict others.

More Than We Sow
We reap what we sow; but Nature has love over and above that justice, and gives us shadow and blossom, and fruit, that springs from no planting of ours.

Soybean Is Rapidly Becoming Illinois Leading Farm Crop

The soybean, known as the wonder bean, is rapidly becoming a crop of outstanding importance in Illinois. The Chicago board of trade is now strongly considering carrying it. As an industrial and economic factor, the one time lowly soybean is receiving endorsement among farmers and manufacturers alike.

On the farm this legume is a soil builder and a virtual "god-send to the farmer." In the factory the meal is converted into glue, human and animal food, plastic and so forth. The oil is used for synthetic wool, margarine, soap and most important of all in paint.

The Lake-Cook Farm Supply company is the sole distributor for Soyol, a paint of remarkable quality, containing thirty-three and a third per cent soybean oil.

CUT YOUR THISTLES (Official Notice)

According to "An Act Concerning Noxious Weeds," all property owners are required by law to destroy noxious weeds growing on their premises, before they reach the seed bearing stage. Full cooperation by every property owner and municipality with the local Thistle Commissioner, will be greatly appreciated.

As a land owner you are hereby notified that you are under a legal duty to destroy all such noxious weeds on the above described premises before seed bearing stage, in accordance with the provisions of Section 3 of the above mentioned act. The methods of treating and eradicating noxious weeds as recommended by the Department of Agriculture can be obtained from the undersigned.

Full cooperation from property owners will be necessary because a lack of funds prevents the township from employing relief labor as was done last year.

Yours truly,
Louis Clark,
Thistle Commissioner
Wheeling Township.

Three hundred varieties of bananas grow in the Dutch East Indies.

for 25 Years

July 8, 1936 marks the 25th anniversary of the founding of the Mt. Prospect State Bank. It begins its second quarter of a Century with increased resources and with a greater capacity to serve this community than ever before.

We sincerely appreciate the many evidences of confidence that have been so apparent, even during the uncertain period through which business has passed.

We shall continue to merit your confidence and shall endeavor to render an ever-increasing service to our community.
